SPECIALTY SPOTLIGHT

CERAMICS!!!!

This week in ceramics we finally got to start painting our handmade ceramic bowls that we created from scratch! Campers received clay that they molded into the desired shape that then was placed into our very own kiln! We love using our hands to create and express our artistic abilities!

LASER TAG!!!!

This week in Specialty all campers got to experience a live laser tag game! They were split into two teams and the camper with the most remaining lives at the end of the round won for her team! Nothing like bringing laser tag to life in the exciting halls of Orah Day Camp!

R.O.S.S.E
