# SPECIALTY SPOTLIGHT

## EXTREME ART!

This week in extreme art out campers got to start creating their very own floral wall art. They began with painting the background, and then waiting for it to dry. The campers got to choose straws to glue for the bottom basket. After, they chose different flowers to display across the circular display resulting in a beautiful floral masterpiece! Such talent here at Orah Day Camp!

## SENSORY FUN!

## ORAH SPA!

This week in spa our amazing campers got to create their very own lip balm! They mixed koolaid, coconut oil, sugar and water together until it hardened into a paste. Then they transferred it into a cosmetic pot to refrigerate until firm. Once they finished, they decorated eye masks which enhanced the spa experience. We always enjoy the creativity and relaxation of this beloved specialty here at Orah Day Camp!
